COVID-19 Pre-Screen *Update*

OCHD and CDC does not currently recommend universal symptom screenings (screening all students grades K-12) be conducted by schools.

On-site screening may be advised when cases have been identified in the school or if screening can be implemented while maintaining social distancing.

Screening is required before entering the bus or school building. Once an individual arrives at school and they are symptomatic, exposure to students and staff that are close contacts have already occurred. Specific screening requirements are outlined below*.

*On the next slide
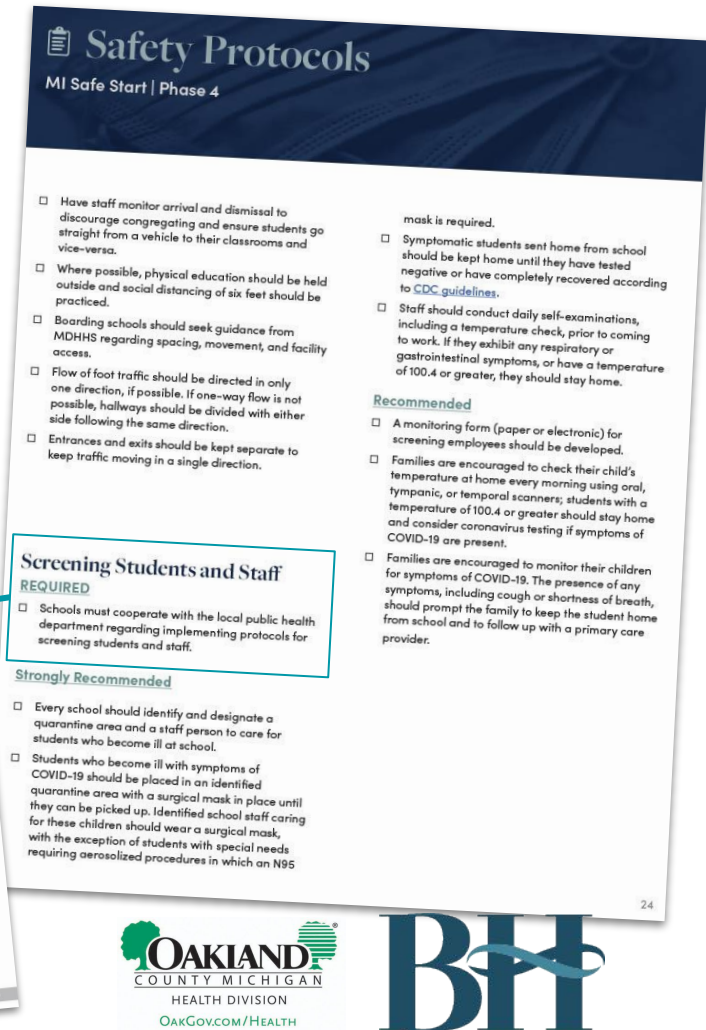

COVID-19 Pre-Screen *Update*

Staff and Administration Screening
- Daily screening is required using the Staff and Student Screening Checklist, or a virtual equivalent.
- It is strongly recommended that daily temperature checks are included in the screening for all adults.

Student Screening At Home:
- Every parent/guardian must submit a COVID-19 School Health Screening Acknowledgment form prior to start of school year.
- Parents/guardians must screen daily for symptoms at home, prior to boarding the bus and arrival at school using the Staff and Student Screening Checklist.

Before/After School Activities:
- Schools must conduct screenings prior to after-school and weekend activities, including child care, sports practice, club gatherings, and competitions.
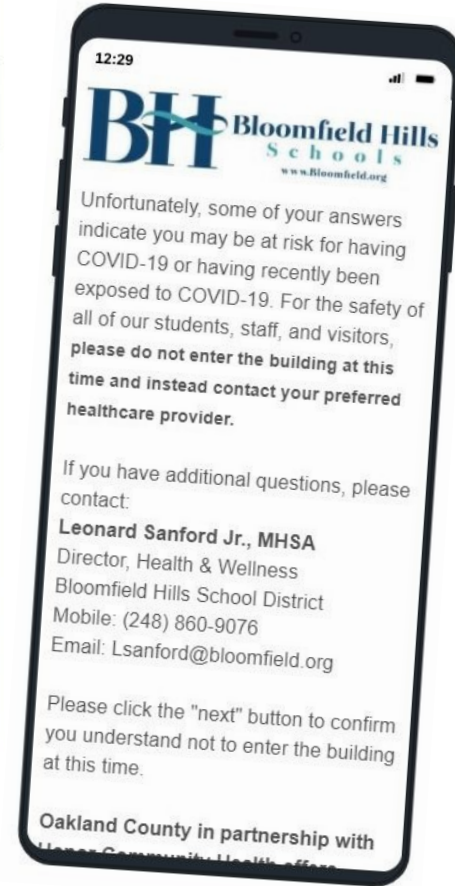

Visitor and Vendor Screening:
- Daily screening is required using the Visitor and Vendor Screening Checklist.
- Adult guests entering the building should be screened for symptoms, wear a face covering and wash/sanitize hands prior to entering. Strict records, including date and time, should be kept of non-school employees or other visitors entering and exiting the building to assist with contact tracing if an exposure occurs.
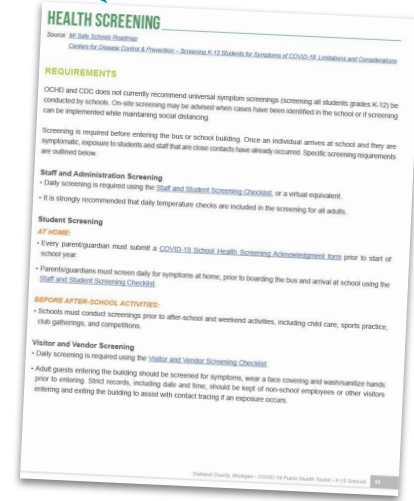

COVID-19 Pre-Screen
Update

- Required of students, staff, and visitors/vendors each day/visit
  - Offered digitally or paper
  - Not required to show a screen or paper upon entry of bus or building
  - If the answers indicate a possibility of COVID-19 or COVID exposure, the individual is told not to enter the building and offered Mr. Sanford's contact information
- Families will be reminded weekly to complete the daily screening starting this week
