Filed with the Secretary of State

March 9, 2021

EFFECTIVE DATE: March 9, 2021

Enrolled House Bill No. 4048

Sec. 11r. (4) From the state school aid fund money allocated under subsection (1), there is allocated \$136,000,000.00 to eligible districts as provided in this subsection. The department shall pay each eligible district under this subsection an amount equal to the product of the district's 2020-2021 pupils in membership multiplied by the difference between \$450.00 and the district's ESSER formula payment per pupil. A district to which all of the following apply is an eligible district under this subsection:

(a) The district's ESSER formula payment per pupil is less than \$450.00.

(b) **By not later than March 22, 2021**, excluding days that are part of a previously scheduled period of time for which the district is not in session, **the district offers in-person instruction at least 20 hours each school week** if the district's school week includes 5 school days or, if the district's school week does not include 5 school days, offers in-person instruction in an amount of hours necessary each school week to provide the instruction it would have provided in 20 hours for a 5-school-day school week to all pupils enrolled in the district, regardless of whether or not all pupils enrolled in the district participate in the in-person instruction offered. This subdivision does not apply to a district that operates as a cyber school as that term is defined in section 551 of the revised school code, MCL 380.551. As used in this subdivision, "in-person instruction" means instruction that a pupil receives while he or she is physically present at a school building designated by the district in which he or she is enrolled.
