Bloomfield Hills Schools

2020 Bond Program Update September 23, 2021

Presentation Overview

Overview/Financial Update

- Conant Elementary
- Eastover ECC

Design Update

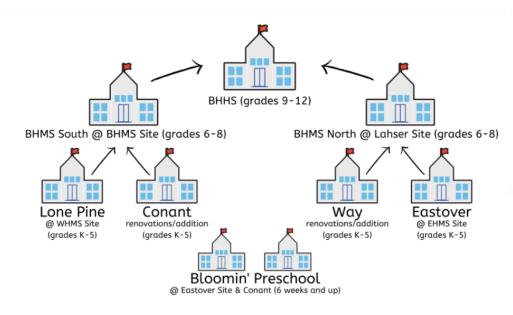

- Conant Elementary
- Eastover ECC

Schedule Update

- Conant Elementary
- Eastover ECC

Overview/Financial Update

Conant Elementary School

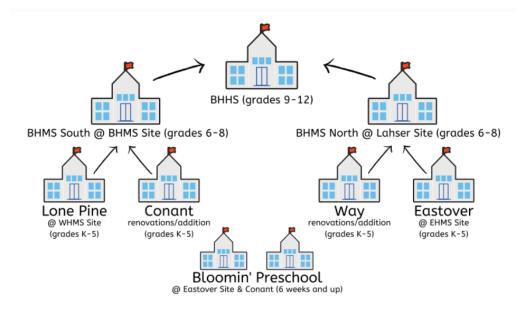

Conant Elementary School would continue to house Conant students (after receiving an addition and renovations). The current Bloomin' Preschool site on the Conant property would receive an addition and renovations.

Current Eastover Site

The current Eastover Elementary School building would no longer house Eastover students (who would move to the current East Hills Middle School site). The building would then be renovated to serve as a site for Bloomin' Preschools.

Overview/Financial Update

"What about Fox Hills & Bloomin' Lone Pine?"

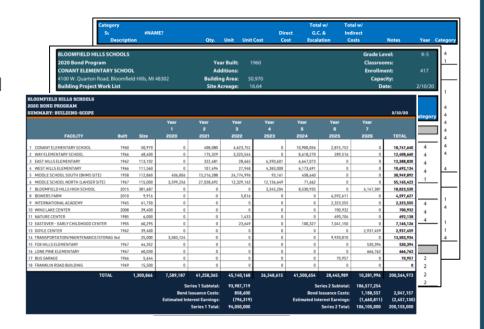

We have a few opportunities...

Fox Hills and Bloomin' Lone Pine would no longer house the Bloomin' Preschool program. It is possible both sites would be torn down, but the Board of Education would approach this decision after the other spaces are occupied and the two locations are empty.

There are opportunities for the district to keep the physical structures (if needed later), demolish the structures and keep the land (if needed later), use the vacant land for community parks, or sell the land to developers.

Overview/Financial Update

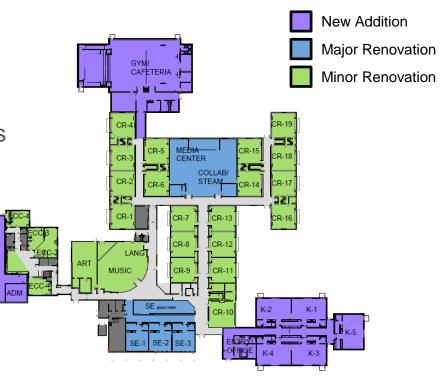

- Conant Elementary
 - \$18.8M Total Program Costs
 - Costs in Series I and Part of Series II
- Eastover ECC
 - \$7.2M Total Program Costs
 - Costs included in Series II.
